

## Zoznam monografií Európskeho liekopisu (Ph. Eur.), 10.0 vydanie a Doplnkov 10.1 - 10.3

Revízia 13.12.2019

Doplnok 10.1: 13.03.2020

Doplnok 10.2.: 10.06.2020

Doplnok 10.3.: 18.1.2021

### A

| Latinský názov                       | Anglický názov              | Slovenský názov                  | Referenčné číslo | [CAS]         |
|--------------------------------------|-----------------------------|----------------------------------|------------------|---------------|
| Abacaviri sulfas                     | Abacavir sulfate            | Abakavírium-sulfát               | 2589             | [188062-50-2] |
| Abelmoschi corolla                   | Abelmoschi corolla          | Koruna ibiškovca                 | 2827             |               |
| Absinthii herba                      | Wormwood                    | Vňať paliny                      | 1380             |               |
| Acaciae gummi                        | Acacia                      | Arabská guma                     | 0307             |               |
| Acaciae gummi dispersione desiccatum | Acacia, dried dispersion    | Arabská guma, sušená disperzia   | 0308             |               |
| Acamprosatum calcicum                | Acamprosate calcium         | Akamprozan vápenatý              | 1585             | [77337-73-6]  |
| Acanthopanax gracilistylis cortex    | Acanthopanax bark           | Kôra všehojevca štíhlostopkatého | 2432             |               |
| Acarbosum                            | Acarbose                    | Akarbóza                         | 2089             | [56180-94-0]  |
| Acari ad producta allergenica        | Mites for allergen products | Roztoče na alergénové produkty   | 2625             |               |
| Acebutololi hydrochloridum           | Acebutolol hydrochloride    | Acebutolólium-chlorid            | 0871             | [34381-68-5]  |
| Aceclofenacum                        | Aceclofenac                 | Aceklofenak                      | 1281             | [89796-99-6]  |
| Acemetacinum                         | Acemetacin                  | Acemetacín                       | 1686             | [53164-05-9]  |
| Acesulfamum kalicum                  | Acesulfame potassium        | Acesulfám, draselná soľ          | 1282             | [55589-62-3]  |
| Acetazolamidum                       | Acetazolamide               | Acetazolamid                     | 0454             | [59-66-5]     |
| Acetonum                             | Acetone                     | Acetón                           | 0872             | [67-64-1]     |

| Latinský názov   | Anglický názov   | Slovenský názov  | Referenčné číslo | [CAS]        |
|--|--|--|------------------|--------------|
| Acetylcholini chloridum  | Acetylcholine chloride   | Acetylcholíni-um-chlorid   | 1485             | [60-31-1]    |
| Acetylcysteinum  | Acetylcysteine   | Acetylcysteín  | 0967             | [616-91-1]   |
| $\beta$ -Acetyldigoxinum   | $\beta$ -Acetyldigoxin   | $\beta$ -Acetyldigoxín   | 2168             | [5355-48-6]  |
| Acetylenum (1 per centum) in nitrogeno intermixtum                                 | Acetylene intermix (1 per cent) in nitrogen                              | Acetylén, jednopercentný plyný roztok v dusíku                       | 2903             |              |
| Achyranthis bidentatae radix   | Achyranthes bidentata root   | Koreň achyrantu dvojzubého   | 2999             |              |
| Aciclovirum  | Aciclovir  | Aciklovir  | 0968             | [59277-89-3] |
| Acidi methacrylici et ethylis acrylatis polymerisatum 1 : 1                        | Methacrylic acid-ethyl acrylate copolymer (1 : 1)                        | Kyselina metakrylová s etylakrylátom 1 : 1, kopolymér                | 1128             |              |
| Acidi methacrylici et ethylis acrylatis polymerisati 1 : 1 dispersio 30 per centum | Methacrylic acid-ethyl acrylate copolymer (1 : 1) dispersion 30 per cent | Kyselina metakrylová s etylakrylátom 1 : 1 kopolymér, 30 % disperzia | 1129             |              |
| Acidi methacrylici et methylis methacrylatis polymerisatum 1 : 1                   | Methacrylic acid- methyl methacrylate copolymer (1 : 1)                  | Kyselina metakrylová s metylmetakrylátom 1 : 1, kopolymér            | 1127             |              |
| Acidi methacrylici et methylis methacrylatis polymerisatum 1 : 2                   | Methacrylic acid-methyl methacrylate copolymer (1 : 2)                   | Kyselina metakrylová s metylmetakrylátom 1 : 2, kopolymér            | 1130             |              |
| Acidum 4-aminobenzoicum  | 4-Aminobenzoic acid  | Kyselina 4-aminobenzoová   | 1687             | [150-13-0]   |
| Acidum aceticum glaciale   | Acetic acid, glacial   | Kyselina octová, ľadová  | 0590             | [64-19-7]    |
| Acidum acetylsalicylicum   | Acetylsalicylic acid   | Kyselina acetylsalicylová  | 0309             | [50-78-2]    |
| Acidum adipicum  | Adipic acid  | Kyselina adipová   | 1586             | [124-04-9]   |
| Acidum alginicum   | Alginic acid   | Kyselina algínová  | 0591             |              |
| Acidum amidotrizoicum dihydricum   | Amidotrizoic acid dihydrate  | Kyselina amidotrizoová, dihydrát                                     | 0873             | [50978-11-5] |

| Latinský názov                     | Anglický názov                  | Slovenský názov                        | Referenčné číslo | [CAS]                           |
|------------------------------------|---------------------------------|--|------------------|---------------------------------|
| Acidum aminocaproicum              | Aminocaproic acid               | Kyselina aminokaprónová                | 0874             | [60-32-2]                       |
| Acidum ascorbicum                  | Ascorbic acid                   | Kyselina askorbová                     | 0253             | [50-81-7]                       |
| Acidum asparticum                  | Aspartic acid                   | Kyselina asparágová                    | 0797             | [56-84-8]                       |
| Acidum benzoicum                   | Benzoic acid                    | Kyselina benzoová                      | 0066             | [65-85-0]                       |
| Acidum boricum                     | Boric acid                      | Kyselina boritá                        | 0001             | [10043-35-3]                    |
| Acidum caprylicum                  | Caprylic acid                   | Kyselina kaprylová                     | 1401             | [124-07-2]                      |
| Acidum chenodeoxycholicum          | Chenodeoxycholic acid           | Kyselina chenodeoxycholová             | 1189             | [474-25-9]                      |
| Acidum citricum                    | Citric acid                     | Kyselina citrónová                     | 0455             | [77-92-9]                       |
| Acidum citricum monohydricum       | Citric acid monohydrate         | Kyselina citrónová, monohydrát         | 0456             | [5949-29-1]                     |
| Acidum edeticum                    | Edetic acid                     | Kyselina edetová                       | 1612             | [60-00-4]                       |
| Acidum etacrynicum                 | Etacrynic acid                  | Kyselina etakrynová                    | 0457             | [58-54-8]                       |
| Acidum folicum hydricum            | Folic acid hydrate              | Kyselina listová, hydrát               | 0067             | Anhydrous folic acid: [59-30-3] |
| Acidum formicum                    | Formic acid                     | Kyselina mravčia                       | 2809             | [64-18-6]                       |
| Acidum fusidicum                   | Fusidic acid                    | Kyselina fuzidová                      | 0798             | [6990-06-3]                     |
| Acidum glutamicum                  | Glutamic acid                   | Kyselina glutámová                     | 0750             | [56-86-0]                       |
| Acidum hydrochloridum concentratum | Hydrochloric acid, concentrated | Kyselina chlorovodíková, koncentrovaná | 0002             | [7647-01-0]                     |
| Acidum hydrochloridum dilutum      | Hydrochloric acid, dilute       | Kyselina chlorovodíková, zriedená      | 0003             |                                 |
| Acidum iopanoicum                  | Iopanoic acid                   | Kyselina jopanoová                     | 0700             | [96-83-3]                       |
| Acidum ioxaglicum                  | Ioxaglic acid                   | Kyselina joxaglová                     | 2009             | [59017-64-0]                    |
| Acidum lacticum                    | Lactic acid                     | Kyselina mliečna                       | 0458             |                                 |

| Latinský názov                                   | Anglický názov                                     | Slovenský názov                                    | Referenčné číslo | [CAS]  |
|--|--|--|------------------|--|
| Acidum lactobionicum                             | Lactobionic acid                                   | Kyselina laktobiónová                              | 1647             | [96-82-2]<br>(kysel.forma)<br>[5965-65-1] (δ-lakton) |
| Acidum maleicum                                  | Maleic acid  | Kyselina maleínová                                 | 0365             | [110-16-7]   |
| Acidum malicum                                   | Malic acid   | Kyselina jablčná                                   | 2080             | [6915-15-7]  |
| Acidum medronicum ad radiopharmaceutica          | Medronic acid for radiopharmaceutical preparations | Kyselina medrónová na rádiofarmaceutické prípravky | 2350             | [1984-15-2]  |
| Acidum mefenamicum                               | Mefenamic acid                                     | Kyselina mefenámová                                | 1240             | [61-68-7]  |
| Acidum nicotinicum                               | Nicotinic acid                                     | Kyselina nikotínová                                | 0459             | [59-67-6]  |
| Acidum niflumicum                                | Niflumic acid                                      | Kyselina niflumová                                 | 2115             | [4394-00-7]  |
| Acidum nitricum                                  | Nitric acid  | Kyselina dusičná                                   | 1549             | [7697-37-2]  |
| Acidum oleicum                                   | Oleic acid   | Kyselina olejová                                   | 0799             | [112-80-1]   |
| Acidum oxolinicum                                | Oxolinic acid                                      | Kyselina oxolínová                                 | 1353             | [14698-29-4]   |
| Acidum palmiticum                                | Palmitic acid                                      | Kyselina palmitová                                 | 1904             | [57-10-3]  |
| Acidum phosphoricum concentratum                 | Phosphoric acid, concentrated                      | Kyselina fosforečná, koncentrovaná                 | 0004             | [7664-38-2]  |
| Acidum phosphoricum dilutum                      | Phosphoric acid, dilute                            | Kyselina fosforečná, zriedená                      | 0005             |  |
| Acidum picricum ad praeparationes homoeopathicas | Acidum picricum for homoeopathic preparations      | Kyselina pikrová, na homeopatické prípravky        | 2695             | [88-89-1]  |
| Acidum pipemidicum trihydricum                   | Pipemidic acid trihydrate                          | Kyselina pipemidová, trihydrát                     | 1743             | [72571-82-5]   |

| Latinský názov                                     | Anglický názov                                  | Slovenský názov   | Referenčné číslo | [CAS]         |
|--|---|---|------------------|---------------|
